Education:

B.Sc. College of Chemistry and Chemical Engineering, Lanzhou University.
(2011-2015)

Research Experience:

1. Research on molecular reaction mechanics in Lanzhou University.
2. B.S thesis in Jian Liu Group in Peking University.

Research Interests:

- Path Integral Molecular Dynamics.
- Linearized Semiclassical Initial Value Representation.
- Path integral Liouville Dynamics.

Honors:

- National scholarship. (2012)
- The scholarship of Dalian Institute of Chemical Physics, Chinese Academy of Science. (2013)
- Win the second prize of Chemical competition in Gansu. (2013)
- National scholarship. (2014)
